<p>Description: FMVSS 110 S4.3 requires that a placard be affixed to the driver's side B-pillar with the tire size and vehicle manufacture's recommended cold tire inflation pressure for front, rear, and spare tire. The vehicle models involved left the assembly plants with properly affixed placards that met the requirements of FMVSS 110 S4.3. In the affected vehicles, accessory wheels approved by TMS were installed at vehicle processing centers prior to distribution to dealers or by dealers prior to first sale. Wheels installed at TMS processing centers were equipped with LT tires. Some dealers may have installed the same tire type as used at the processing centers.</p> <p>An improperly inflated tire can increase the risk of a crash.</p> <p>Remedy: If the vehicle was equipped with TRD Accessory Wheels and Toyota-recommended LT tires prior to first retail sale, owners will be sent an updated overlay label to install on the Tire and Loading Information label. They will also be requested to check the tire pressure in all tires and reset the Tire Pressure Monitoring System (TPMS) as needed.</p>

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico.

Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Toyota Recall / Service Campaign

Toyota Motor Sales, USA, Inc. provides CARFAX with recall and service campaign information for vehicles originally marketed or sold in the United States of America, its territories, and Mexico. Only open safety or emissions recalls and service campaigns where the remedy has not been completed, will be listed. While Toyota provides data updates to CARFAX on a regular basis, this report may not include very recent activity. For the most current information on recall and campaign activity for any Toyota vehicle, you must go to <http://toyota.com/recall>.
